

Project Connect
Transport Policy

Last review: September 2015

We are committed to reviewing our policy and good practice annually.

Project Connect aims to keep all children safe.

Parents/carers will drop children off at a designated meeting point. Children will then be transported to and from the Forest School site on foot.

The following procedures will be followed:

- The group will be given a reminder about safe walking before leaving the school site (outward) and before leaving the destination (return).
- The Forest School Leader will assume a position at the front of the line and all children will be asked to stay behind Leader.
- A second member of staff will assume a position at the rear of the line.
- If it is necessary to cross the access track for cars a member of staff will stand in the track to stop any traffic and ensure safe crossing.
